

SI RINGRAZIANO LE SEGUENTI AZIENDE PER IL CONTRIBUTO NON CONDIZIONATO:

**INTERNATIONAL SCHOOL OF MEDICAL SCIENCES
E. MAJORANA FOUNDATION CENTRE FOR SCIENTIFIC CULTURE**

Directors of the School: I.U. Carreca, A.E. Cardinale

First Course SIO SCHOOL OF OBESITY 2026 (6th Edition)
Erice, Sicily (Italy) • February 5-7, 2026

Director of the Course: S. Buscemi

Venue: Ettore Majorana Foundation • Conference Hall San Domenico

COURSE AIMS

The School aims to provide members and prospective members of the Italian Society of Obesity (SIO) with a certified professional educational pathway endorsed by the Society. The program is designed to deliver core competencies required for accurate diagnostic assessment and appropriate, evidence-based management of individuals living with obesity.

Enrollment is reserved for healthcare professionals under 40 years of age (with a predefined number for each professional category) who are actively involved in obesity care, with the goal of training the next generation of obesity specialists. Membership in SIO is mandatory.

At the conclusion of the program, participants will receive a certificate of attendance and the qualification of “SIO Obesity Expert”.

COURSE STRUCTURE

The School has a nominal duration of one year and includes:

- one intensive residential training course
- non-residential multidisciplinary group activities

The residential course is limited to a maximum of 40 participants and is delivered using interactive teaching methods. The event is accredited for Continuing Medical Education (CME/ECM).
